questions	keys, bar charts, and tables			

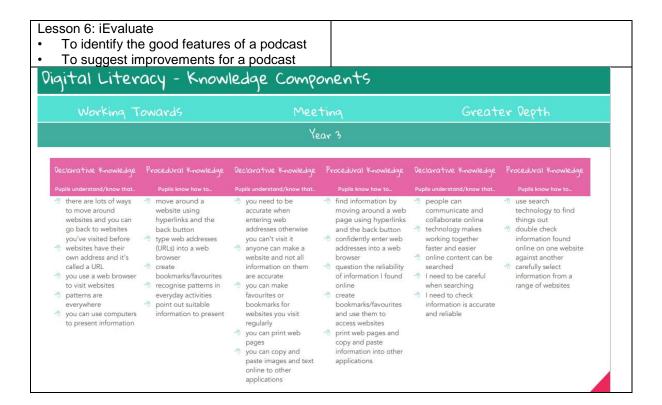

What I need the children to learn	Possible learning experiences
Light	g on position
Reflections Shadows	
 Know that dark is the absence of light include oral and written explanations, displays or presentations of results and conclusions Know that light is needed in order to see and investigate which materials (foil, whiteboards, black sugar paper) reflect light. Ask relevant questions and use different types of scientific enquiries to answer them. Make systematic and careful observations and, where appropriate, take accurate measurements Gather, record, classify and present data in a variety of ways to help in answering questions Record findings using simple scientific language, drawings, labelled diagrams, keys, bar charts, and tables 	Make a dark tent or blindfold Use torches Play games – what object is friend holding? Reveal Sort reflective surfaces Make a shadow puppet show How can they make characters look big and scary or small (distance from the projector) Know that you should never look at the sun even with sunglasses)
 Know and demonstrate how a shadow is formed and explain how a shadow changes shape Use straightforward scientific evidence to answer questions or to support their findings. Identify differences, similarities or changes related to simple scientific ideas and processes 	
 Know about the danger of direct sunlight and describe how to keep protected include oral and written explanations, displays or presentations of results and conclusions 	

Geography

What I need the children to learn	Possible learning experiences
Geographical skills and fieldwork	
use the eight points of a compass, four and six-	
figure grid references, symbols and key	
(including the use of Ordnance Survey maps) to	
build their knowledge of the United Kingdom	
and the wider world	
 Know and name the eight points of a 	Treasure maps
compass	Grid references – local area
Identify the 4-figure grid references for the local	Location of cities in the UK and references
area.	
Create a simple map with a key of Scarborough	
using photographs	

Computing

What I need the children to learn	Possible learning experiences
Using Programmes – Handling Data	Please use the learning objectives from the icompute website which may vary slightly from the above (this ensures that we always have the up to date learning outcomes).
National Curriculum Objectives - Pupils should	You will need an audio editing app
Select, use and combine a variety of software on a range of digital devices to design and create a range of programs, systems and	There are several options for audio editing apps available for Windows, iOS, Chrome, Android tablets and iPads
content that accomplish given goals, including	We have links to some of them within our
collecting, analysing, evaluating and presenting data and information	plans but you can use any you wish
iPodcast unit - Digital Literacy Lesson 1: iRecord To understand that technology can be used to control sound Lesson 2: iEdit To understand that sound can be stored digitally Lesson 3: iPodcast To understand what a podcast is To plan and record a podcast Lesson 4: iRefine To use digital tools to edit a podcast Lesson 5: iMix To combine audio sound and effects	https://www.icompute-uk.com/members- area/lks2/index.html and select Year 3 and then iPodcast unit

Music

Charanga Music Scheme - https://charanga.com/site/

What I need the children to learn	Possible learning experiences
Unit 6 – Opening Night	
Listening and Appraise Music (Musicianship)	
Appreciate and understand a wide range of	
high-quality live and recorded music drawn	
from different traditions and from great	
composers and musicians	
Develop an understanding of the history of	
music.	
Invent different actions to move in time with the music.	
Talk about the style of the music.	
Singing and Voice	
 Play and perform in solo and ensemble 	
contexts using their voices with increasing	
accuracy, fluency, control and expression	
Understand and follow the leader or conductor.	Video with QR qrcode monkey website
Copy back simple melodic phrases using the voice.	
Notation	
Use and understand staff and other musical	
notations	
Apply spoken word to rhythms, understanding how to link each syllable to one musical note	
Playing Instruments	
Play and perform in solo and ensemble	
contexts and playing musical instruments	

	with increasing accuracy, fluency, control	
	and expression	
	Rehearse and learn a simple instrumental part by ear or	Glockenspiels and bars as a whole class
	from notation, using the notes C, D, E, F, F#, G, G#, A,	Olookenspiels and bars as a whole stass
	B and Bb.	
•	Improvising	
•	Improvise and compose music for a range	
	of purposes using the inter-related	
	dimensions of music	
•	Structure musical ideas (eg using echo or 'Question	
	and Answer' phrases) to create music that has a	
	beginning, middle and end.	
•	Composing	
	Composing	
•	Improvise and compose music for a range	
	of purposes using the inter-related	
	dimensions of music	
_	F, G F, G, A F, G, A, Bb F, G, A, Bb, C Start and end	Use Charanga with pupil logins to
	on the note F (F major)	
	on the note is (i major)	experiment with the notation maker.
	G, A G, A, B G, A, B, D G, A, B, D, E Start and end on	
	the note G (Pentatonic on G)	
•	Performing	
List	ten with attention to detail and recall sounds	
wit	th increasing aural memory	
0010	in mereusing durar memory	
Pla	y and perform in solo and ensemble contexts	
usi	ng their voices with increasing accuracy,	
flue	ency, control and expression	
•	Reflect on feelings about sharing and performing, eg	Performance to parents to celebrate unit.
	excitement, nerves, enjoyment.	Videos to send out on Class Dojo.
•	Vecebulery	Videos to seria out on class bojo.
•	Vocabulary Structure	
	Intro/introduction	
	Verse	
•	Chorus	
•	Improvise	
1.	Compose	
:	Pulse Rhythm	
:	Pitch	
	Tempo	
•	Dynamics	
•	Bass	
•	Drums	
•	Guitar	
:	Keyboard Synthesizer	
•	Texture	
•	Electric guitar	
•	Organ	
•	Backing vocals	
•	Hook	
•	Riff	
•	Melody Reggae	
	Pentatonic scale	
1	Imagination	
•	inagination	
	Disco.	

Physical Education – Follow Real P.E. and supplement with NC P.E. experiences

What I need the children to learn	Possible learning experiences

Athletics	
use running, jumping, throwing and catching in	
isolation and in combination	
run at fast, medium and slow speeds;	
changing speed and direction	
take part in a relay, remembering when to	
run and what to do	
Competitive Games	
play competitive games, modified where	
appropriate [for example, badminton, basketball,	
cricket, football, hockey, netball, rounders and	
tennis], and apply basic principles suitable for	
attacking and defending	
be aware of space and use it to support	
team-mates and to cause problems for the	
opposition	
know and use rules fairly	
Gymnastics	
develop flexibility, strength, technique, control	
and balance [for example, through athletics and	
gymnastics]	
adapt sequences to suit different types of apparatus and griteria.	
apparatus and criteria	
explain how strength and suppleness affect performance	
performance Dance	
perform dances using a range of movement	
patterns	
improvise freely and translate ideas from a	
stimulus into movement	
share and create phrases with a partner and	
small group	
remember and repeat dance perform	
phrases	
Outdoor and Adventurous Activity	
take part in outdoor and adventurous activity	
challenges both individually and within a team	
follow a map in a familiar context	Sport's Day obstacle practise
use clues to follow a route	Orienteering, cross country, team games
follow a route safely	Links to Real PE 4 and 6
Evaluate	
compare their performances with previous ones	
and demonstrate improvement to achieve their	
personal best	
compare and contrast gymnastic sequences recognise own improvement in ball games	
recognise own improvement in ball games Real P.E.	
Unit 6 Health and Fitness	Unit 6 Health and Fitness
I can describe how and why my body feels	I can describe how and why my body feels during and after
during and after exercise. I can explain why	exercise. I can explain why we need to warm up and cool
we need to warm up and cool down.	down.
	Agility Ball Chasing
	I can start and stop quickly.
	I can arrive in the correct position to collect the ball (timing). I can collect the ball with balance/control.
	Static Balance Stance
	Developing I can balance with both feet facing forwards.
	I can balance with feet still.
	I can balance with minimum wobble (control).

Design Technology

Design rechnology					
What I need the children to learn	Possible learning experiences				
Technical Knowledge					
select from and use a wider range of tools and					
equipment to perform practical tasks [for					
example, cutting, shaping, joining and finishing],					
accurately					
select from and use a wide range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities					
 Create a diorama which relies on light and dark elements use a simple IT program within the design 					
	Use understanding of current topic to create a diorama which includes some reference to light and dark				

PSHE

What I need the children to learn	Possible learning experiences
Changing Me	Resource links from: Jigsaw
Knowledge	This Puzzle (Puzzle) begins with an
 Know that in animals and humans lots of 	exploration about babies and what they
changes happen between conception and	need to grow and develop including
growing up	parenting. Children learn that it is usually
Know that in nature it is usually the female	the female that carries the baby in nature.
that carries the baby	This leads onto lessons where puberty is
Know that in humans a mother carries the	introduced. Children first look at the outside
baby in her uterus (womb) and this is where	body changes in males and females. They
it develops	learn that puberty is a natural part of
 Know that babies need love and care from 	growing up and that it is a process for
their parents/carers	getting their bodies ready to make a baby
 Know some of the changes that happen 	when grownup. Inside body changes are
between being a baby and a child	also taught. Children learn that females
	have eggs (ova) in their ovaries and these

- Know that the male and female body needs to change at puberty so their bodies can make babies when they are adults
- Know some of the outside body changes that happen during puberty
- Know some of the changes on the inside that happen during puberty

Social and Emotional Skills

- Can express how they feel about babies
- Can describe the emotions that a new baby can bring to a family
- Can express how they feel about puberty
- Can say who they can talk to about puberty if they have any worries
- Can identify stereotypical family roles and challenge these ideas e.g. it may not always be Mum who does the laundry
- Can identify changes they are looking forward to in the next year
- Can suggest ways to help them manage feelings during changes they are more anxious about

Consent curriculum

Can I show where I am happy to be touched?

Activity: discussion and then a body outline for the children to colour green, orange and red (where we can touch and not touch).

Please use the learning objectives from the Jigsaw website which may vary slightly from the above (this ensures that we always have the up to date learning outcomes).

are released monthly. If unfertilised by a male's sperm it passes out of the body as a period. Sexual intercourse and the birth of the baby is not taught in this year group. Children discuss how they feel about puberty and growing up and there are opportunities for them to seek reassurance if anything is worrying them. Key vocabulary:

Birth, Animals, Babies, Mother, Grow, Uterus, Womb, Nutrients, Survive, Love, Affection, Care, Puberty, Sperm, Ovaries, Egg, Ovum/ova, Womb/uterus, Stereotypes, Task, Roles, Challenge

Religious Education:

For this unit there is 10 hours of classroom ideas on RE Today. Please use you log in details to access this. There is planning and Idea on how to make the LC challenges more pupil friendly. Such Can I

What I need the children to learn	Possible learning experiences
L2:2	
Why is the bible so important for Christians today?	 Talk about sources of guidance and wisdom in their own and others' lives: who or what helps them to decide how
Emerging:	·

- Recall and name some Bible stories that inspire Christians (A2).
- Identify at least two ways Christians use the Bible in everyday life (B1).

Expected:

- Make connections between stories in the Bible and what Christians believe about creation, the Fall and salvation (A2).
- Give examples of how and suggest reasons why Christians use the Bible today (B1).
- Describe some ways Christians say God is like, with examples from the Bible, using different forms of expression (A1).
- Discuss their own and others' ideas about why humans do bad things and how people try to put things right (C3).

Exceeding:

- Explain how the Bible uses different kinds of stories to tell a big story (A2).
- Suggest why Christians believe that God needs to rescue/save human beings (B2).

- to live? Introduce the Bible as a guide for Christians.
- Give pupils a brief introduction to the Christian Bible – Old and New Testaments, divided into books, chapters and verses; different types of writing (illustrate with two examples e.g. histories; laws; poems; prayers; biographies (Gospels); letters) (be clear that what Christians call the 'Old Testament' is Jewish scripture too).
- Introduce pupils to the idea that for Christians, the Bible tells them about what God is like. It also tells a 'big story' of God's dealings with human beings: God loves humans and created a wonderful world for people (creation); humans disobey God and go their own way ('the Fall'); God sends his Son, Jesus (incarnation) to save people – to bring them back to God (salvation). This story explains why Christians think they need to say sorry to God, why they try to follow Jesus, and why they are grateful to God for sending Jesus. It shows why Christians think the Bible is still important because it tells them about how to live, and why they should follow God.
- Creation: Read Genesis 1 (use a lively children's version). Ask pupils to create dance/movement actions for each day, or art work to reflect the narrative; focus on what the narrative shows God is like – powerful, creative, good etc.
- Find out what good and bad things people sometimes do. Explore idea of temptation: what things are tempting? Why do we give in sometimes? Do we sometimes blame others? Tell the story of Adam and Eve giving in to temptation (Genesis 3 often called 'the Fall'). Does the way the people behave sound familiar? What lessons do pupils think Christians might learn from this story? Think about why Christians say people need to ask God to forgive them.
- Explore creatively the Lost Coin, Sheep and Son stories (Luke 15) and how Christians interpret them as showing

- how much God wants 'sinners' to turn back to him; ask some Christians what they mean when they say Jesus saves or rescues them.
- Look at some examples of how Christians use the Bible – for everyday prayer and Bible reading (often using notes), in Bible study groups; read aloud in church, with people talking about the meaning. What are the good things and the difficult things people might find from trying to follow this book in day-today life?

Foreign Languages

What I need the children to learn

Listening

Listen attentively to spoken language and show understanding by joining in and responding Explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words

Appreciate stories, songs, poems and rhymes in the language

- Listen to and enjoy short stories, nursery rhymes and songs.
- Recognise familiar words and short phrases covered in the units taught.

Speaking

Engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help Present ideas and information orally to a range of audiences

Describe people, places, things and actions orally and in writing

 Communicate with others using simple words and short phrases covered in the unit.

Reading/Writing

Develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases

Read carefully and show understanding of words, phrases and simple writing

Broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material Write phrases from memory, and adapt these to create new sentences, to express ideas clearly Describe people, places, things and actions in writing

Possible learning experiences

Language Angels

Summer 2 - Ancient Britain

Teaching Type: Early Language

Unit Objective: To be able to create short sentences with j'ai, je suis and j'habite

By the end of this unit we will be able to:

- Name in French, the six key periods of ancient Britain, introduced in chronological order.
- Say in French three of the types of people who lived in ancient Britain, where they lived and what their hunting tool was.
- Remember accurately from memory and use the French for 'I am' (je suis), 'I have' (j'ai) and 'I live' (j'habite).

- Read familiar words and short phrases accurately by applying knowledge from 'Phonics Lesson 1'.
- Understand the meaning in English of short words I read in the foreign language
- Write familiar words and short phrases using a model or vocabulary list.

Grammar

Understand basic grammar appropriate to the language being studied

- Start to understand the concept of noun gender and the use of articles.
- Use the first person singular version of high frequency verbs.

Cayton Creation

Light and dark room experiment - Dark tent used

Cayton Conclusion

Aluminous party!

English

What I need the children to learn	Possible learning experiences		
Instructions linked to Geography, compass points, giving directions.	Cross curricular geography lessons with a written focus.		
Evaluative report writing through scientific investigations	Scientific template with a plan, investigation and evaluation		
Possible CLPE book	Squished – Graphic Novel		

Mathematics

What I need the children to learn	Possible learning experiences
Following white rose planning for the summer 2 term	
Children also continuing to catch up/repeat any Year 3 gaps	
Directions link to geography	Playground directions
